Museum App

# MUSEUM APP

---

Museum app is an online collection of paintings. Paintings are grouped by museums and artist.

## *View Paintings*

- » As a visitor, I can view all paintings in the database.
- » As a visitor I can view all paintings by artist or museum.
- » As a visitor I can search for a specific painting by title.
- » Paintings have images (hint: use a url from the internets).

## *Updating The Database*

- » As a visitor I can add and update museums, paintings and artists.
